Technical drawing of the WEFA 10000 battery. The drawing shows the battery's profile with a length dimension of 86 and a diameter dimension of $\phi 18$. The battery features a black label with the 'SAITO' logo, the model 'WEFA', and the capacity '10000'. Below this, a white label displays 'AT' and the letter 'K'. A small rectangular tab is visible on the right side of the battery.
